
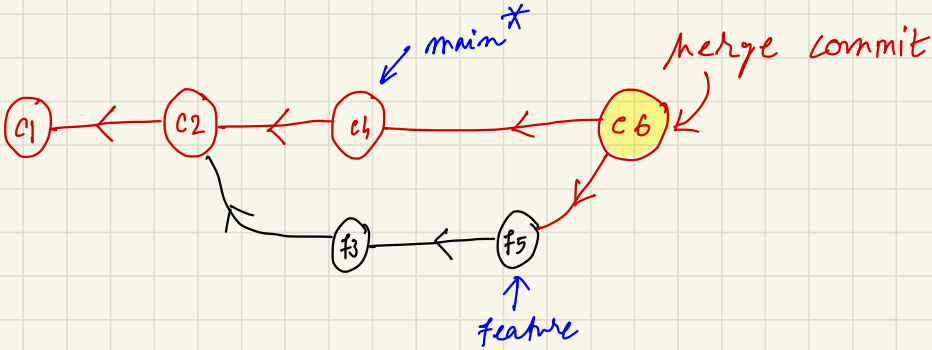
MERGE - MERGE COMMIT

Exp: 1 (All is done locally)

① 
→ Feature branch started from C2.

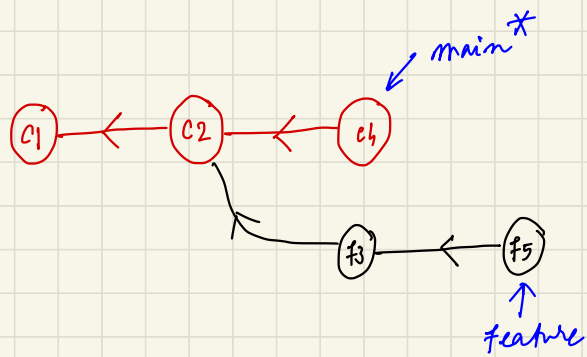
→ But before feature branch was merged main branch moved ahead.

② git merge feature

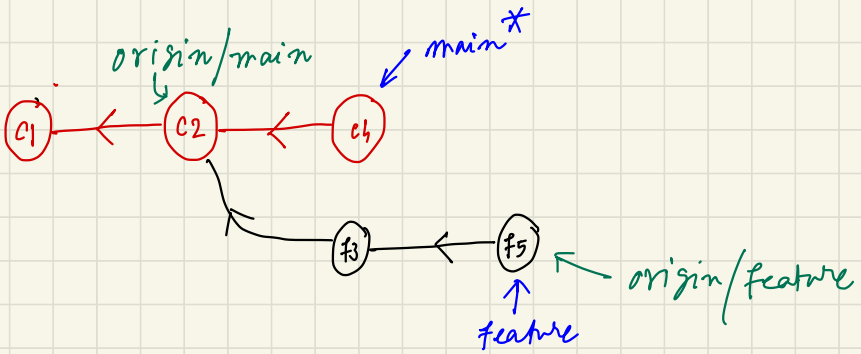


Exp - 2

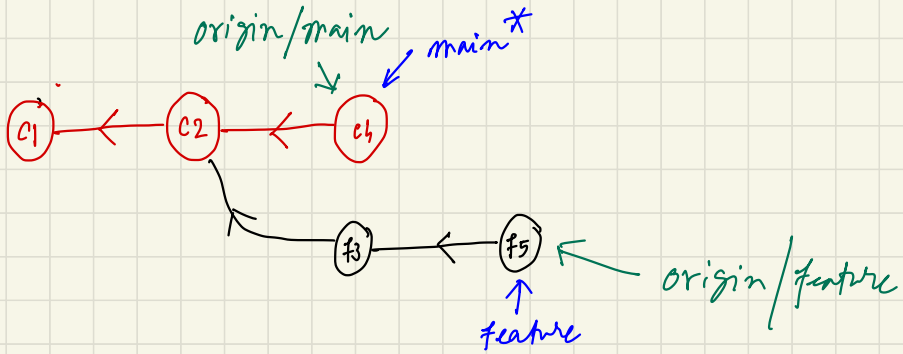
a



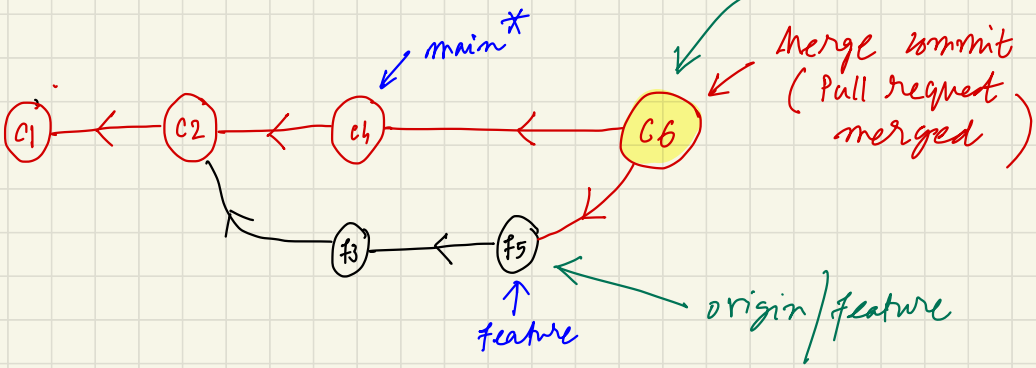
b git push origin feature



c git push origin main

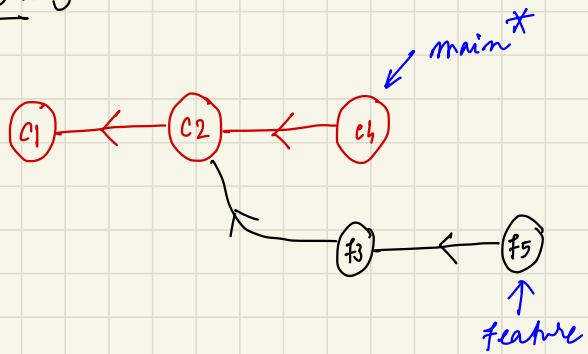


① We do a Merge PR in remote

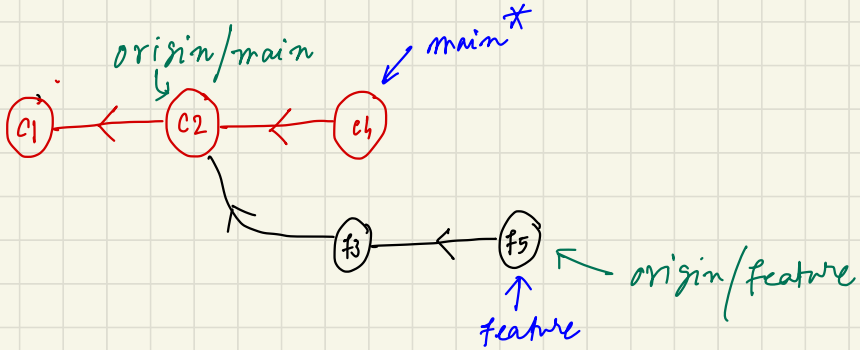


EXP - 3

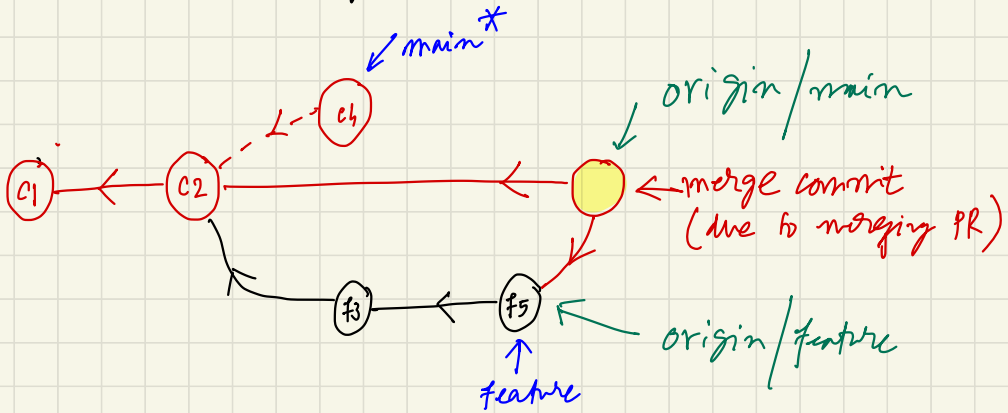
(A)



(B) git push origin feature

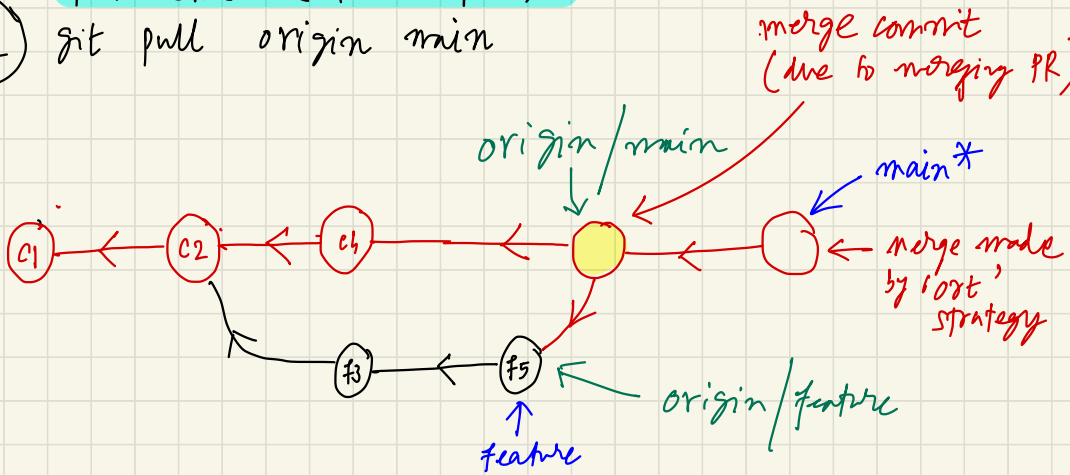


(C) We do a merge PR in remote



Run cmd: (after step c)

Q.1 git pull origin main



Run cmd: (after step c)

Q2 git push origin main

↳ Error:

hint: Remote contains work that you do not have locally
